Lot constraints

Description of how multiple lots may be awarded:

Bidders are invited to submit tenders for one, multiple, or all of the eight (8) available lots. Each lot will be evaluated independently, and submissions will be assessed on their own merit in accordance with the evaluation criteria set out in this ITT.

Bidders may be successful in being awarded more than one lot. There is no restriction preventing a single bidder from being awarded all eight (8) lots, provided they submit a compliant and competitive tender for each and achieve the highest overall evaluation score for each individual lot.
