Description

About the ECITB

The Engineering Construction Industry Training Board (ECITB) is the employer-led skills, standards and qualifications body for the development of the engineering construction workforce of Great Britain. An arms-length body of the UK Government, the ECITB reports to the Department for Education. Our vision is a trailblazing Engineering Construction Industry where critical infrastructure, energy security and net zero ambitions are achieved.

The ECITB works with employers and training providers to attract, develop and qualify the engineering construction workforce in a wide range of craft, technical and professional

disciplines. We invest about £28 million each year to support skills development within the industry.

Introduction to the Procurement

The ECITB wishes to appoint a provider to fulfil its requirement to develop, deliver and manage a Programme to enable around 30 candidates to achieve APM ChPP accreditation. Candidates must be from the Engineering Construction Industry (ECI).

The initial Contract term will be for one (1) Year.

The scope of the ECITB's requirements for this contract can be found within the Specification. Tenderers are encouraged to review specification documents carefully to understand the full requirements for this proposed contract.

****Tenderers should register their interest in the ITT via procurement@ecitb.org.uk after download of the documents from Find a Tender Service to ensure they are part of the bidder clarification process****

NOTE: A standard ECITB Services Agreement will be used for this contract and will be published here as an update within the next week for bidder review
