Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Purchase of Standard and Specialist Vehicles

Reference number

RM6244

II.1.2) Main CPV code

- 34100000 - Motor vehicles

II.1.3) Type of contract

Supplies

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement at the time of conclusion of the contract:

Crown Commercial Service (CCS) as the Authority has put in place a pan Government framework agreement for the provision of standard and specialist vehicles to be utilised by Central Government Departments and all other UK Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education, Devolved Administrations, British Crown Dependencies and British Overseas Territories, nationalised industry, voluntary bodies, charities and private sector organisations procuring on behalf of these bodies.

The framework agreement replaced the previous Vehicle Purchase framework agreement (RM6060) and Vehicle Conversions dynamic purchasing system (RM3814). The scope of

the Framework Contract covers the supply and delivery of vehicles to the United Kingdom of Great Britain and Northern Ireland (UK) and overseas.

The aim of the framework agreement was to appoint suppliers who will be responsible for either the complete supply chain from product development, vehicle manufacture, conversion and supply to customers through to after-sales support, maintenance and support, warranties and parts or vehicle conversion as a stand-alone service.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Duration in months

48

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Please refer to Contracts Finder for the full list of successful suppliers

Liverpool

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Notice of necessary increase to the estimated overall value of CCS' Purchase of Standard and Specialist Vehicles Framework (RM6244) procured pursuant to Contract Notice 2022/S 000-008132 ("Framework") from £4,000,000,000 to £5,520,000,000.

The value of the Framework lots will be amended to:

Lot 1: £2,750,000,000

Lot 2: £550,000,000

Lot 3: £30,000,000

Lot 4: £380,000,000

Lot 5: £175,000,000

Lot 6: £5,000,000

Lot 7: £5,000,000

Lot 8: £1,505,000,000

Lot 9: £5,000,000

Lot 10: £115,000,000

No other changes will be made to the Framework.

The value increase is required due to increased demand from:

Continued and increased customer use of the Framework; Change in policy on the procurement of buses; and

A greater number of services being procured under certain lots than anticipated.

CCS' view is that this modification to the Framework value is permitted pursuant to Regulation 72(1)(e) of the Public Contracts Regulations 2015.

Regulation 72(1)(e) provides a modification is permitted where irrespective of value it is not substantial within the meaning of Regulation 72(8).

Regulation 72(8) provides a modification will be considered substantial if any one or more of the following conditions is met:

(a) the modification renders the framework materially different in character from the one initially concluded;

(b) the modification introduces conditions which, had they been part of the initial procurement procedure,

would have—

(i) allowed for the admission of other candidates than those initially selected,

(ii) allowed for the acceptance of a tender other than that originally accepted, or

(iii) attracted additional participants in the procurement procedure;

(c) the modification changes the economic balance of the framework in favour of the contractor in a manner which was not provided for in the framework;

(d) the modification extends the scope of the framework considerably;

(e) a new contractor replaces the original contractor in cases other than those provided for in paragraph (1)(d).

CCS' view is that the increase is not a substantial variation because the:

Framework will not be materially different in character from the one originally concluded; Increase would not have allowed for a different tender to be accepted or attracted additional bidders;

Increase does not change the economic balance of the Framework in favour of the supplier(s); Increase

does not extend the scope of the Framework considerably; and a new contractor is not being appointed.

While CCS is not required to publish this notice it does so to be transparent and will observe a voluntary standstill period of 10-days, after which the increase will take effect.

As set out above, this is a non-substantial modification under Regulation 72(1)(e), but, in the event that this modification is deemed not to be a modification under the PCR, then this notice should be treated as providing the requisite notice of a contract award.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Due to the set up of this form we have selected "Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee", however please note that this modification is being conducted under Regulation 72(1)(e), not Regulation 72(1)(c), of the Public Contracts Regulations 2015.

The value increase is required due to increased demand from:

Continued and increased customer use of the Framework;

Change in policy on the procurement of buses; and

A greater number of services being procured under certain lots than anticipated.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £4,000,000,000

Total contract value after the modifications

Value excluding VAT: £5,520,000,000
