Description

Online Authoring Tool to ECC learning creators: This online authoring tool is a software application that allows content creators to create, design, and publish digital content. The tool is used

regularly to creating eLearning materials, such as interactive courses, quizzes, and multimedia presentations.

Online Learning Catalogue: An online learning catalogue which can be edited via the authoring tool which holds a

digital repository or directory of available courses. The main purpose currently is to provide up to date and

refreshed online learning catalogue of all things linked to The Equality Act 2010 which is currently not available

via the Professional Skills catalogue contracted separately.
