Weighting description

Bidders must achieve a PASS mark for all PASS/FAIL questions in order to be deemed compliant in the Qualification stage. Failure of any of the questions may result in a Bidder's Tender not being evaluated further, past the point of failure.

Bidders who have successfully passed the Qualification Envelope will progress to the Technical Envelope evaluation. A benchmark score of 70% or higher is required for the weighted questions within the Question Set in order to be deemed compliant, where applicable consensus of evaluators will be held, in order to establish an agreed score for responses. The technical envelope evaluation has a total weighting of 50% towards the final score. Technical compliance evaluation will also be done at this stage, a PASS/FAIL evaluation will be done with a Bidders provided Technical Data Sheets (TDS). Bidders that pass the technical compliance evaluation will then progress to the User Assessment Panel (UAP). The UAP has a benchmark score of 70%, and has a total weighting of 20% towards the final score.

The submitted prices of any Bidders whose bids have passed all the previous phases will be assessed. Leidos Supply Limited (LSL) will calculate the Bidders total tender values, then using a formula will score the tender value and add that score to the total score with a 30% weighting. LSL intends to award a minimum of one contract for this requirement.
