Description

Due to the large market and short time frames we carried out a selected tender to three known marketing agencies to receive competitive quotes for this tender. WRAP required help to develop an idea that breaks new ground for the Recycle Week campaign this year, and expertise in production to bring this idea to life in engaging video content.

We will be focusing media spend on digital channels and are engaging a media agency to help plan/buy for us. Whilst exact channel selection at this stage is tbc pending their strategy, we do know social channels will form a large part of the mix. So the content created should be designed to work effectively on these channels.
