Tender

Plug-in Solar PV Study

Department for Energy Security & Net Zero

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-044967

Procurement identifier (OCID): ocds-h6vhtk-056ab9 ([view related notices](#))

Published 31 July 2025, 6:29pm

Scope

Reference

prj_5707

Description

The objective of this study is to assess whether plug-in solar photovoltaic (PV) connected to certified inverters can be safely deployed in the UK without socket or building wiring modifications. The study will assess technical, regulatory, and practical feasibility, and make clear, evidence-based recommendations for plug-in solar PV in the UK.

Total value (estimated)

- £90,000 excluding VAT
- £108,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 2 October 2025 to 2 February 2026
- Possible extension to 2 April 2026
- 6 months, 1 day

Description of possible extension:

Contract for the Services for an initial period of 4 months with an option for the Authority to extend the Contract for a further period of 2 months i.e. up to a total Contract period of 6 months overall, unless terminated earlier in accordance with the provisions of the Contract.

Supplier will be notified of the extension within 20 days prior to the initial contract end date.
