Scope

Reference

HSE/T4809

Description

HSE SD operates a joinery workshop for the bespoke/low volume manufacturing of items in support of our research and incident investigations. The joinery machinery is used to process a range of timber and engineered woods, and other materials such as thermoplastics, mica board, and cement-based fireboard.

HSE Science Division is aiming to replace/upgrade the joinery machinery and for the purposes of this tender is aiming to procure replacements for our sliding table panel saw and planer/thicknesser.
