- 71351911 - Photogeology services
- 71351900 - Geology, oceanography and hydrology services

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

II.2.4) Description of the procurement

We require LiDAR survey outputs for the proposed survey areas, which will be detailed within the specification, including LAS files, Digital Surface Models, Digital Terrain Models and associated QA assurance statements. The Areas of Interest define the anticipated extent of the LiDAR survey.

These extend over multiple geographic areas, as defined within the specification.

We anticipate that the surveys will need to be phased to coincide with appropriate low tide conditions. We anticipate that 'standard LiDAR sensor' will be used, though if the contractor proposed to use Green LiDAR / Marine LiDAR to deliver the same outputs whilst the tide is in, then we remain open to these approaches. Given the expansive areas, we do not expect UAV/Drone surveys to be appropriate.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

Current Ratio

Minimum Insurance Levels

Minimum level(s) of standards possibly required

Bidders must demonstrate a Current Ratio of no less than 1.0, based on their most recently published accounts.

Current Ratio will be calculated as follows: Net current assets divided by net current liabilities.

There must be no qualification or contra-indication from any evidence provided in support of the bidders economic and financial standing.

If the tenderer (or any consortia or reliance partner) does not meet the requirements in relation to the current ratio then the audited financial accounts of the tenderer (or consortia or reliance partner) will be used to conduct an assessment of the risk of business failure. Bidders who do not comply with the above financial requirements but are part of a Group, can provide a Parent Guarantee if the Parent company satisfies the financial requirements stipulated above.

If the tenderer (or any consortia or reliance partner) does not pass the above assessment and is unable to provide a Parent Company Guarantee or some other form of assurance, this will result in a fail and the bidder may be excluded.

It is a requirement of this contract that bidders hold or can commit to obtain prior to the commencement of any subsequently awarded contract, the types of insurance indicated below.

Employer's (Compulsory) Liability Insurance = in accordance with any legal obligations

Public Liability Insurance = 2 million GBP

Professional Indemnity Insurance = 2 million GBP
