Scope

Description

Core Highways were recommended to undertake the traffic management required by Balfour Beatty, the principal contractor undertaking the works on Newport Bridge. This recommendation is based on Core Highways' extensive knowledge of the bridge and their proven experience in managing the complex traffic arrangements required for its closure.

In particular, Core Highways successfully delivered the traffic management for the previous closure during 2024/25. Their involvement in that project provided them with valuable insights and lessons learned, which have significantly enhanced their understanding and capability to support the current works efficiently and safely.

Additionally, Core Highways on the Newport Bridge project because they are a trusted local supplier, based right here in Stockton-on-Tees near Portrack Lane. Their proximity to the site ensures a responsive and efficient service, and their deep understanding of the local infrastructure landscape makes them a valuable partner.
