Direct award justification

Extreme and unavoidable urgency

A direct award to a trusted and proven contractor is the recommended route. The selected supplier has extensive experience working with RBK, has a track record of delivering projects on time and within budget, and has provided firm assurances that they can meet the delivery programme. This route enables early engagement, accelerates mobilisation, and supports meeting the key milestone of project completion by September 2025. It also significantly reduces procurement risk and provides greater control and confidence in the delivery of the works.
