Scope

Reference

C365234

Description

"Managed Equipment Services enables Trusts to enter into a service contract that provides new equipment, incorporates existing equipment, includes maintenance to decrease down-time, increase safety, reduce risk ensuring routine maintenance that may otherwise be difficult to manage and isn't always done by Trusts due to capacity, capability, limited resource/processes to manage. The contract helps manage the lifecycle of equipment and spreads the cost of funding innovation through new and replacement equipment.

It ensures contracts entered into are fit for purpose, compliant and flexible to accommodate the changing needs of a Trust. A tried and tested framework offers security

to Trusts that an award can be made and offers the incentive to suppliers to bid as they know contracts will be awarded. The framework provides procurement expertise and structure to complex procurements that can range in term upto 20 years with values from £10m plus

Framework covers the following Lots.

- 1. Diagnostic Imaging
- 2. Radiotherapy
- 3. Cardiology
- 4. Theatre and Medical Equipment
- 5. Endoscopy
- 6. Lots 1 to 5
- 7. Consultancy Service for Managed Equipment Services
- Managed Services Business Case Support,
- Trust Support Bid Management,
- Contract Management

The managed service provider (MSP) provides equipment and maintenance services, owns the equipment; however, the Trust chooses the equipment, the specification and length of the contract.

This replaces the existing framework expiring 31/05/25."

Total value (estimated)

- £2,000,000,000 excluding VAT
- £2,400,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 9 December 2025 to 8 December 2027
- Possible extension to 8 December 2033
- 8 years

Engagement

Engagement deadline

8 August 2025

Engagement process description

NHS Commercial Solutions is seeking to engage with the market ahead of a potential procurement exercise for Managed Equipment Services . We are inviting suppliers to participate in a Preliminary Market Engagement exercise via the atamis procurement portal https://atamis-1928.my.salesforce.com/ to help shape our requirements and assess market interest. This is not a call for competition and is being conducted without prejudice to any future procurement process. Please note this engagement is only for information and is not to be scored.

The questions are categorised as below:

Section 1: Supplier Information

Section 2: Lot Interest and Capability

Section 3: Technical Capability & Innovation

Section 4: Commercial & Framework Design

Section 5: General Feedback

Engagement Deadline is the 8th August 2025.
