Decarbonisation Framework

Places for People Group Limited

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-045597

Procurement identifier (OCID): ocds-h6vhtk-05681b ([view related notices](#))

Published 4 August 2025, 12:05pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

Contracting Authorities that may use the Framework: Previously "establishing party only". Contracting authorities, including central purchasing bodies, local authorities, and other public sector organizations listed online at the following link:

<http://www.procurementhub.co.uk/eligibility-criteria/>

Scope

Description

This Framework is being procured by Places for People Group and Procurement Hub for the benefit of itself and its Members. This Framework is available for use by public sector bodies (and their statutory successors) as defined in the Procurement Act 2023 and additionally listed online at: <http://www.procurementhub.co.uk/eligibility-criteria/>

The decarbonisation Framework is designed to support the delivery of retrofit and energy efficiency measures across Places for People's domestic assets as well as Procurement Hub members.

This represents an entirely new framework, designed to ensure that PfP has access to a robust supply chain of qualified and experienced service providers. It is necessary to meet statutory obligations under the Future Homes Standard and to support PfP's carbon reduction commitments. PfP is recipient of grant funding streams, and the framework will establish specialist delivery mechanisms and supply chain to capitalise on further future funding.

Multiple entities within the Places for People Group will have a requirement for the works covered, including Places for People Homes, Procurement Hub, Future Homes Consortium and Origin Housing.

Decarbonisation framework for a range of consultants and contractors to provide services and works to decarbonise housing stock. The framework will include, but is not limited to, the following works and services:

- Consultants, admin & ancillary
- External wall insulation
- Internal wall insulation & linings
- Loft, Cavity wall & miscellaneous insulation
- Underfloor insulation
- Windows & Doors (upgrade to higher u-value, triple glazing etc)
- Ventilation
- Air & ground source heat pumps
- High heat retention (HHR) electric heating
- Solar PV & battery storage

- Heating & hot water controllers
- Low energy lighting
