---

## **Lot 4. Independent Auditing**

### **Description**

The lot will include, but is not limited to, the review of client management policies, procedures, and specifications; the auditing of contractors' policies, procedures, and on-site work; and the provision of detailed reports and analysis of findings with clear improvement recommendations. The services required under this contract encompass all tasks necessary to ensure effective oversight, compliance assurance, and actionable reporting to support continuous improvement in service delivery and associated services.

### **Lot value (estimated)**

- £12,000,000 excluding VAT
- £14,400,000 including VAT

Framework lot values may be shared with other lots

### **CPV classifications**

- 71600000 - Technical testing, analysis and consultancy services
- 79212000 - Auditing services

## **Same for all lots**

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

---

## **Lot 5. Fire Risk Assessments, including Fire Door Surveys**

### **Description**

The lot will include, but is not limited to, the provision of specialist fire risk assessment (FRA) services across a range of client assets, predominantly domestic dwellings, but also public buildings, supported living, sheltered and very sheltered housing schemes, HMOs, and other communal and commercial facilities and associated services.

### **Lot value (estimated)**

- £17,500,000 excluding VAT
- £21,000,000 including VAT

Framework lot values may be shared with other lots

### **CPV classifications**

- 50000000 - Repair and maintenance services
- 66517300 - Risk management insurance services
- 71310000 - Consultative engineering and construction services

## **Same for all lots**

Contract locations and contract dates are shown in the Scope section, because they are

the same for all lots.

---

## **Lot 6. Stock Condition Surveys**

### **Description**

The lot will include, but is not limited to, the delivery of targeted stock surveys and energy performance certification and associated services across a defined list of client properties. These services will provide essential data to inform future stock investment decisions, support the achievement of business objectives, and assist clients in preparing and submitting applications for forthcoming sustainability and energy efficiency grant funding.

### **Lot value (estimated)**

- £20,000,000 excluding VAT
- £24,000,000 including VAT

Framework lot values may be shared with other lots

### **CPV classifications**

- 71250000 - Architectural, engineering and surveying services
- 71310000 - Consultative engineering and construction services
- 71324000 - Quantity surveying services

### **Same for all lots**

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

---

## **Lot 7. Damp and Mould Surveys and Inspection & Damp Monitoring.**

### **Description**

The lot will include, but is not limited to, the provision of comprehensive damp and mould survey, inspection, and monitoring services to support clients in meeting their legal obligations . These services will assist in the early identification and assessment of damp and mould hazards, as well as wider impacts on occupant health and wellbeing. The scope of this lot includes the investigation and monitoring of affected properties, the delivery of reports that support timely remedial actions, and the provision of data to evidence compliance with statutory requirements and landlord responsibilities.

### **Lot value (estimated)**

- £27,500,000 excluding VAT
- £33,000,000 including VAT

Framework lot values may be shared with other lots

### **CPV classifications**

- 45450000 - Other building completion work
- 50700000 - Repair and maintenance services of building installations
- 50800000 - Miscellaneous repair and maintenance services
- 71300000 - Engineering services

### **Same for all lots**

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

---

## **Framework**

### **Maximum number of suppliers**

Unlimited

### **Maximum percentage fee charged to suppliers**

2%

### **Framework operation description**

Full details are available in the tender documents. The framework agreement is in the form of a FAC-1 contract with amendments allowing for call-off contracts to be awarded by award with or without further competition in accordance with the rules set out in the framework agreement. A copy of the framework agreement is available as part of the tender pack and interested bidders should read this carefully.

### **Award method when using the framework**

Either with or without competition

### **Contracting authorities that may use the framework**

Although the organisations listed above reflect Eastern Procurement's current membership, our organisation is expected to grow and evolve over the duration of the Framework. As such, Suppliers should be aware that access to the Framework may extend beyond the existing Member base. In addition to Registered Providers and Local Authority Members, the Framework may also be used by a range of other public sector and third sector bodies. This may include (but is not limited to): • Local authorities for use on non-housing buildings (e.g. public offices or community buildings) • NHS bodies •

Charities and voluntary sector organisations • Joint ventures involving public sector partners • Local education establishments, including schools and academies In addition this will include any entity which meets the definition of "Contracting Authority" within the meaning of the Procurement Act 2023 is entitled to access the framework.

---
