Description

This contract is for stand space, design, build, and dismantling for a UKSA stand at Mobile World Congress (MWC) 2026, in Barcelona, for a contract value up to £170,000 (including VAT).

There is a strategic requirement for UKSA to be part of the UK Pavilion at MWC in line with the government's 'One Government' policy and to most effectively amplify our presence in a very crowded and competitive international event. Due to its size and nature, access to the MWC conference area is limited to organisations able to meet the requirements of the venue. In order to be part of the UK Pavilion and meet our strategic objective, TradeFair is the only supplier that can deliver this requirement for UKSA as TradeFair is the appointed supplier for the UK Pavilion.
