Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

It is possible for other IACS members to quote for the classification services but the age of the fleet presents several challenges.

Other providers have been approached, however, they are not interested in Vessels of this age profile as apparently it will bring their age profile of ship classed up which they do not want.

The vessels currently carry various memorandum on the Lloyds classification particularly on the engine blocks, which may cause difficulties for transfer of classification should another provider be appointed.
