Description

The overall aim of the contract is to build on the work completed via the MoA (above) which facilitated major enhancements to the NBN Atlas, including the launch of Access Controls. This requirement is to develop the strong foundation and further accelerate the NBN Trust's work to enhance the value of the NBN Atlas to the UK conservation community by:

- enhancing the NBN Atlas platform to increase data quality, improve access controls, and expand data mobilisation capabilities while maintaining compatibility with the existing Living Atlas architecture
- enable delivery of the NBN Atlas Strategy, informed by stakeholder needs, to guide future development.
