Changes to notice

This notice has been edited. The [previous version](#) is still available.

Updated the tender notice publication date and clarification date due to additional time added into the timetable for reviews

Scope

Reference

DS478-24

Description

Devon and Somerset Fire and Rescue Authority (on behalf of the National Fire Chiefs Council Transport Officers Group (NFCC TOG) and in conjunction with the National Fire Chiefs Council (NFCC) Procurement Hub, is leading a procurement project to replace the existing Framework Agreement for UK Fire and Rescue Emergency Response Vehicles (ERV).

The future framework agreement will enable Contracting Authorities named on the framework to procure Pumping Appliances, Aerial Appliances and Special Vehicles as required by their Contracting Authority, Fire and Rescue Service etc.

For the purposes of this planned procurement notice, previously a preliminary market engagement was carried out under the Public Contract Regulations 2015. The PIN notice for that engagement can be found via the link below:

<https://www.contractsfinder.service.gov.uk/Notice/748a1220-2203-4418-b562-1d809186c6cb>

After the preliminary market engagement notice, a pipeline notice has been published under the Procurement Act 2023.

The Project Team are currently establishing the requirements and the permitted vehicles that can be procured, and this information will be published within the Invitation to Tender later this year.

At this stage, the Project Team anticipates that the NFCC Emergency Response Vehicle Framework will be an open framework, as defined in the Procurement Act 2023, for a period of 8 years (the contract start and end dates in this preliminary market engagement notice are based on this assumption). No extensions to the framework will be available.

The Tender Notice for the framework agreement is planned to be published on 26th August 2025. Please note the publication date may be subject to change.

Suppliers who may be interested in this opportunity can prepare by registering on our e-tendering portal where this opportunity is likely to be tendered in due course. The e-tendering portal is located at:

<https://sell2.in-tend.co.uk/blpd/home>

The e-tendering portal is free to use. Suppliers can find guidance on using the e-tendering portal via: <https://bluelightcommercial.police.uk/media/2284/sell2bluelight-in-tend-full-supplier-guide.pdf>

Commercial tool

Establishes an open framework

A series of frameworks with substantially the same terms. Awarded suppliers are carried over and new suppliers can bid.

Total value (estimated)

- £900,000,000 excluding VAT
- £1,080,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2034
- 8 years

Main procurement category

Goods

Contract locations

- UK - United Kingdom

- GG - Guernsey
- IM - Isle of Man
- JE - Jersey

Not the same for all lots

CPV classifications are shown in Lot sections, because they are not the same for all lots.

Tenders may be submitted electronically

Yes

Languages that may be used for submission

English

Award decision date (estimated)

17 March 2026

Other information

Payment terms

In addition to requiring payment within 30 days for valid and undisputed invoices, each Call-Off Contract will outline the procedures for submitting invoices and resolving any disputes that may arise.

Description of risks to contract performance

- Value of the open framework e.g. increase in government funding
- Number of suppliers within the market for certain type of appliances or vehicles may reduce
- Imposed mandates from government regarding vehicles specifications
- Risk of access to and/or transport of raw materials and their availability
- Pandemic

- Violate markets affecting inflation, tariffs, exchange rates etc.
