## **Structural and Civil Engineer Appointment for CoLP ??Tactical Firearms Training Facility? (Version 2)**

The Mayor and Commonalty and Citizens of the City of London

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-047983

Procurement identifier (OCID): ocds-h6vhtk-0585fb ([view related notices](#))

Published 12 August 2025, 12:24pm

### **Scope**

### **Description**

The CoLC, in collaboration with CoLC of London Police (CoLP) are undertaking a project to build a Tactical Firearm Training Facility (TFTF). A suitable site owned by CoLC at Dagenham Dock has been identified. A feasibility study was undertaken to determine the viability of the site, to evaluate cost and programme differences as well as assessing the pros and cons of either a full traditional build approach or full modular scheme to provide the new TFTF. In conclusion, it was determined that a combination of both traditional and modular design solutions is to be considered as the favoured approach to provide the most efficient and operationally effective solution.

The design scheme produced during the feasibility study is to progress from RIBA stages 1 to 3, however elements of this design are incomplete and there is a requirement for the appointed design team to review the existing information/design and provide appropriate advice/expertise as to what extent the current packages are progressed further to provide a complete RIBA stage 1 and review then progress RIBA stage 2 and 3 design before commencing the RIBA stage 4.

This appointment is for Structural and Civil Engineer services. Please see full scope of services within tender documents.

### **Total value (estimated)**

- £336,316 excluding VAT
- £403,579.20 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 30 September 2025 to 31 March 2026
- 6 months, 1 day

### **Main procurement category**

Services

### **CPV classifications**

- 71530000 - Construction consultancy services

### **Contract locations**

## Award criteria

Name	Description	Type	Weighting
Technical	Q1 - Method Statement 1 -Team and Resources Q2 - Method Statement 2 -Interpretation of Brief Q3 - Method Statement 3 -Design Development Management Q4 - Interview See full questions within tender documents	Quality	45%
Commercial	Best (lowest) price receives the maximum score available in this section; the remaining bids receive a score pro rata to the best price using the following calculation: $\frac{\text{Lowest Net Price}}{\text{maximum points available Bidders Net Price}} \times \text{maximum points available}$ See pricing schedule within tender documents.	Cost	40%
Responsible Procurement	Q1 - Climate Action Q2 (a) - Social Value Q2 (B) - Social Value See full questions within tender documents.	Quality	15%

---

## Other information

## **Payment terms**

please refer to contract documents

## **Description of risks to contract performance**

The requirements are to provide the contracted services to the end of the works project. The contract may require modification in the event of project overrun to ensure continuation of service and technical expertise is retained from the appointed design team (for example to provide additional goods, services or works).

## **Applicable trade agreements**

- Government Procurement Agreement (GPA)

## **Conflicts assessment prepared/revised**

Yes

---

## **Procedure**

### **Procedure type**

Open procedure

## **Justification for not publishing a preliminary market engagement notice**

Pre-market engagement was not conducted for this procurement due to the clearly

defined nature of the requirement, which aligns with existing market capabilities and standards. The procurement is being undertaken using an above-threshold open procedure under the Procurement Act, with appropriate vetting requirements and experience-based conditions of participation included in the tender.

Sufficient knowledge of the market was already available internally, based on previous procurements and sector-specific expertise, making it possible to develop robust and relevant documentation without the need for additional engagement. Given the urgency and resource considerations involved, it was deemed proportionate and efficient to proceed directly to tender.
