The Framework Providers will be required to respond to an Expression of Interest for the placement in question by the deadline specified. As part of the response to the Expression of Interest, eligible Framework Providers will be required to confirm their capacity and capability to accept the Placement along with their Ofsted Report and Costs.

Once the Expressions of Interest have been received, a Matching Meeting will take place to make a decision on which Framework Provider the young person will be placed with. The Matching Meeting will take into account the young person's needs and preferences, the location and suitability of the placement site to meet the needs of the young person and the Social Workers, and relevant Professionals advice.

Where it is determined that there are no Eligible Providers on the Framework able to meet the need of an individual young person following the Placement Search and subsequent Matching Meeting, the Authority reserves the right to place a young person with a nonframework supplier.

#### **Description of risks to contract performance**

Risk 1 (Applicable to Lots 1 to 3):

Risk Description:

Risk that block-contracted units are underutilised, leading to high void levels and reduced value for money. Persistent voids may lead to a reduction in contracted capacity, disrupt provider operations, or reduce overall placement availability.

Modification required if risk arises:

May trigger contractual reduction in capacity with appropriate notice. This will be managed through effective Contract Review Meetings.

Risk 2 (Applicable to all Lots, excluding Lot 2c):

Description of Risk:

Provider's Ofsted Registration is revoked during contract delivery

Modification required if risk arises:

Due to the nature of the service requiring an Ofsted Registration to remain compliant with relevant legislation, the contract will not be modified to accommodate a provision losing their Ofsted Registration and the contract may be suspended until such a time that the Registration is granted again, or terminated in line with the termination clause of the Contract.

Risk 3 (Applicable to all Lots):

Description of Risk:

Risk that future changes to statutory guidance, legislation, or national standards (e.g. supported accommodation regulation) may impact service delivery requirements, registration obligations, or contract compliance during the life of the contract.

Modification required if risk arises:
