Yes

V.2.4) Information on value of contract/lot (excluding VAT)

Initial estimated total value of the contract/lot: £165,000

Total value of the contract/lot: £165,000

Section VI. Complementary information

VI.3) Additional information

This is a Provider Selection Regime (PSR) confirmation of contract award notice. This contract has been awarded under the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award.

There is a risk of a significant cost pressure to the BLMK ICB prescribing budget through the anticipated loss of a commercial agreement within direct oral anticoagulants (DOACs) prescribing. As a risk mitigation, people on edoxaban within BLMK will be reviewed and

where clinically appropriate and with patient consent changed to the most cost-effective DOACs, as identified in NHSE DOAC Commissioning Guidance.

An additional financial risks exists to the BLMK ICB prescribing budget if the review and change programme does not happen at the scale and pace that is required to mitigate loss of the commercial agreement. GP pressures and workforce capacity limitations, means a 3rd party clinical provider with expertise in DOAC prescribing and experience of safely undertaking a DOAC review and change programme is required. Due to the imminent cost pressure there is a need to mobilise the service by 1st September 2025.

The BLMK ICB Chiefs (Executives) gave approval of this in August 2025 at the scheduled Investment Oversight Group Meeting. Conflicts of interest have been managed in line with the ICB's Conflict of Interest and Standards of Business Conduct Policy.
