II.2) Description

II.2.3) Place of performance

NUTS codes

- UKG21 - Telford and Wrekin
- UKG22 - Shropshire CC

Main site or place of performance

County of Shropshire

II.2.4) Description of the procurement

NHS Shropshire, Telford and Wrekin Integrated Care Board (ICB) in accordance with the Health Care Services (Provider Selection Regime) (PSR) 2023, through exercising the use of Direct Award B, Patient Choice Services, are looking to award contracts for the provision of Cataract and YAG Laser Services.

Cataracts are opacifications in the natural lens that can make vision blurred or misty. Over time the opacifications become denser, and vision gets worse. The cloudier the lens becomes, the more the person's sight will be affected. Once cataracts start interfering with daily activities such as reading or driving, surgery is usually recommended. According to "UK Vision Strategy 2020" sight loss is now a major health issue, affecting about two million people in the UK.

Cataract surgery is a common procedure that involves removing the cloudy lens (cataract) and replacing it with a new, artificial lens (known as an intraocular lens) to restore clear vision.

YAG (capsulotomy) laser treatment is a method of treating cloudiness after cataract surgery.

The prevailing NHS Standard Contract will take precedent and shall be updated accordingly on an annual basis. Providers accept any agreed local tariff rates as set by NHS Shropshire, Telford and Wrekin Integrated Care Board (ICB). This service is anticipated to be in place for a period of 3 years with the option to extend for up to a further 2-year period. The service shall go live from 1st July 2025.

The provision of the Cataract and YAG Laser Service is an existing service and the ICB are awarding contracts to the following existing providers, in accordance with direct award process B:
