Award decision makers:

The final decision on the contract award will be made by the Corporate Director for Integrated Adults and Health, South East London ICB (Lambeth Place) and London Borough of Lambeth.

There were no conflict of interest identified in the decision making process.

The key criteria underpinning the decision to award this contract were:

Quality and innovation - 25%

Integration, collaboration and service sustainability - 25%

Improving access, reducing health inequalities and facilitating choice - 20%

Value - 20%

Social value - 10%

The marginally higher weighting to quality and innovation and integration, collaboration and service sustainability reflects the critical role of this contract in influencing the emotional health and well being system in Lambeth. Reducing health inequalities, improving access and providing good value remain key priorities and are also reflected within the decision making criteria.

The provider selected has demonstrated particular strength in relation to these key criteria and has embedded new and innovative approaches across the borough. These have been externally evaluated, giving commissioners confidence in the evidence base.

Each of the 5 key criteria was reviewed and scored against current service delivery and potential service development.
