Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Extreme and unavoidable urgency

A sudden and unforeseeable failure in a freshwater pipe resulted in significant water ingress from a first-floor staff room, causing damage across multiple teaching, learning, and social areas at the CU Scarborough campus. The incident occurred without prior warning or visible signs of deterioration, and maintenance records confirmed no indication of prior issues.

Due to the extent of the damage and the need to ensure the safe and timely reopening of the campus, urgent remedial works were required. The urgency was not attributable to the university and could not have been foreseen or mitigated through advance planning.

In accordance with Schedule 5, Paragraph 13 of the Procurement Act 2023, the university

has proceeded with a direct award without a competitive procedure, on the grounds of extreme and unavoidable urgency resulting from unforeseeable circumstances.
