Contract

OEP027-02 Further assessing the long term halt in the decline of species abundance – test phase

Office for Environmental Protection

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-049239

Procurement identifier (OCID): ocds-h6vhtk-05892f

Published 15 August 2025, 3:52pm

Scope

Reference

OEP027-02

Description

The overarching objective of this work is to test methodologies, using the data available, in assessing whether the long term decline in biodiversity has been halted as intended through the target to halt the decline in species abundance by 2030. The outcome of the project will support the OEP's ongoing monitoring and assessment of government's progress with the Environmental Improvement Plan and targets in England.
