Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

With regards SPD question 4B.6 SPT will use Dun and Bradstreet's DBAi financial reporting system to assess the financial stability of bidders. Bidders with a Failure Score of 51 or above on the DBAi system will be deemed to have evidenced satisfactory financial stability. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the value of their D&B Failure Score.

Minimum level(s) of standards possibly required

In the event that the bidder does not have a Dun and Bradstreet rating or they consider that the rating has been adversely affected by factors for which they can offer mitigating evidence, we will use the following ratios to evaluate a bidder's financial status. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the name and value of the 3 financial ratios listed below as taken from their own Accounts.

Profitability – this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;

Liquidity – this value is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to one then it is a pass for this ratio;

Gearing – this value is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100% it is considered a pass for this ratio.

III.1.3) Technical and professional ability

List and brief description of selection criteria

The Bidder will provide 3 separate examples using the template provided attached to question 4C1.2, where they have undertaken installation of outdoor advertising units and successfully sold the advertising space in a commercially sustainable manner.

Minimum level(s) of standards possibly required

In order for SPT to be able to determine that the bidder has a proven track record, all

sections of the template require to be completed and no part of this information is to be considered by the bidder as commercially sensitive and withheld.

III.2) Conditions related to the contract

III.2.2) Contract performance conditions

The timescales between the contract Award Date and the Practical Commencement Date will be as follows:

A Contract is awarded (the Award Date).

Proof that planning consent has been applied for from Glasgow City Council will be provided to SPT no longer than 1 calendar month of the Award Date.

Planning consent will be granted and proof of this provided to SPT. No fixed or mandatory timescale has been set for the period between planning consent being applied for and granted, as that is out with the control of both the Contractor and SPT.

Proof that planning consent has been granted will be provided to SPT.

The Practical Commencement Date will be the date at which the advertising infrastructure commences operation, and be no more than 4 months from the date that planning consent is granted.

III.2.3) Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Duration in months: 4 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

30 September 2025

Local time

12:00pm

Place

Glasgow

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic invoicing will be accepted

VI.3) Additional information

At 4C.7 of the SDP, the Bidder will detail their proposals for

de-carbonising the initial works/installation element. This may include elements pertaining to transport and waste, or the use of recycled and or recyclable products in the undertaking of the services. A specific response to this question is required and the uploading of a generic environmental or carbon reduction statement may result in the bid being rejected at this point.

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 29220. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

(SC Ref:807124)
