#### Scope

### **Description**

The DBT Digital, Data and Technology team leads on development of AI tools and services within the department.

This is done through our 'Al Cubed' model, which aims to identify, test, develop and evaluate use cases for applying artificial intelligence within the department.

We are seeking to procure specialist expertise to support delivery of this model. We expect this to take the form of suitably skilled teams and individuals joining relevant Al Cubed teams and projects within the Al Lab, Al Factory or Al Operations.

### **Total value (estimated)**

- £9,000,000 excluding VAT
- £10,800,000 including VAT
