#### **II.1.4) Short description**

The project proposes to deliver a New Extension to the existing school building to provide new technical workshops and design studios for the technical department, science labs and a multipurpose hall. Alterations to the existing school will act as links to the extension and provide WC & changing rooms. Refurbishment to the existing Dining Area, Library, Technical Department, Science Department and Modern Languages Department in the existing building will provide SLC classrooms, improved dining space with additional functions, and increase the capacity for the other school departments to allow for a growing school roll and extend the school's useful life, provide fit for purpose, modern learning environments. A lift will be provided and some additional parking with the formation of a new car park. As well as some external works to meet biodiversity goals.
