Award

Mine Water Treatment Scheme (MWTS) - Panel Relocation

Mining Remediation Authority

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-050416

Procurement identifier (OCID): ocds-h6vhtk-058bdb

Published 21 August 2025, 10:15am

Scope

Description

The Mining Remediation Authority have two Mine Water Treatment Scheme (MWTS) sites with solar PV installed that have missing or damaged solar panels. The sites are Dawdon MWTS and Bates MWTS. Both of these sites share the same 270w solar panels, in terms of manufacturer and model number.

We would like to relocate missing panels from Dawdon MWTS with panels located at Bates MWTS.

Sourcing rationale

A total of four quotes were requested and three were received from local SMEs. A comparison matrix was compiled, assessing cost, capacity, and overall suitability to determine the best fit supplier. This approach was selected over a full tender process as the contract value falls below the relevant threshold, allowing a more proportionate and efficient procedure

Contract 1

Supplier

- AR Power

Contract value

- £33,086 excluding VAT
- £39,703 including VAT

Below the relevant threshold

Earliest date the contract will be signed

26 September 2025
