Notice identifier: 2025/S 000-050977

Procurement identifier (OCID): ocds-h6vhtk-04f7f0 ([view related notices](#))

Published 22 August 2025, 3:40pm

### **Scope**

### **Reference**

F/066/SSE/25/IB

### **Description**

Some NHS organisations have out of date Sterile Services and/or Endoscopy Decontamination Departments. In order to maintain compliant services, NHS organisations either need to outsource these services or invest in the development of new facilities.

This Framework will offer a solution for NHS organisations (Participating Authorities) wishing to invest in the development of new facilities. The Framework will allow NHS organisations to procure a Supplier who can design, build and equip a Sterile Services or Endoscopy Decontamination facility and subsequently maintain the facility and its equipment under a managed service contract. The new facility could be new build, modular or fit out, and could be located on site, or off site depending on client requirements. The Supplier may provide finance to the NHS organisation for the design, build and equip of the facility.

Outsourcing of Sterile Services and Endoscopy Decontamination Services are not within the scope of the proposed Framework.

The Framework will be offered in four Lots

Lot 1 - Design, Build, Equip and Maintain a Sterile Services Facility.

Lot 2 - Design, Build, Equip and Maintain a Sterile Services with Design, Build, Equipment and ongoing provision of appropriate facilities management financed by the Supplier.

Lot 3 - Design, Build, Equip and Maintain an Endoscopy Decontamination Facility.

Lot 4 - Design, Build, Equip and Maintain an Endoscopy Decontamination Facility with Design, Build, Equipment and ongoing provision of appropriate facilities management financed by the Supplier.
