Tender

Asbestos Management

Norfolk County Council

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-051481

Procurement identifier (OCID): ocds-h6vhtk-054e1f ([view related notices](#))

Published 27 August 2025, 10:35am

Changes to notice

This notice has been edited. The [previous version](#) is still available.

On the 27th August 2025 an amendment has been made to this original notice to remove from the scope asbestos removals. This is considered a minor part of the total original scope and alternative route to market arrangements have been allowed for in relation to the Asbestos removals specifically which has now been removed from this tender.

Scope

Reference

NCCT43215

Description

Norfolk County Council (NCC) seeks a provider to carry out asbestos management across its portfolio. The selected provider must be able carry out asbestos inspections, produce asbestos risk registers, be capable of undertaking sampling and removals as well as possess the expertise to carry out testing, certification, and reporting in full compliance with current regulations.

Please note that the values in this notice are an indication for the full 5 year term of the contract including extension Options.

Please note that Norfolk County Council has joined the government's Devolution Priority Programme.

This process has the potential to lead to the establishment of a county combined authority for Norfolk and Suffolk, with strategic powers, headed by an elected mayor. A

Government has also invited participation by Norfolk in Local Government Review. This process has the potential to lead to unitary local government in Norfolk, being either one unitary or more than one.

One of these changes could happen without the other.

Total value (estimated)

- £446,857 excluding VAT
- £536,228 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 December 2025 to 4 December 2028

Weighting description

NCCT43215 Asbestos Management

We reserve the right during subsequent stages of the Competitive Flexible procedure to refine the award and or assessment criteria and may alter the relative importance of the award and or assessment criteria.

Any amendments will therefore be communicated in full at the appropriate time.

The structure of this Competitive Flexible Process is detailed below.

Bidders will be invited to complete all schedules of the ITT Documentation pack and submit their initial bids including their Quality & Price submissions. Once bidders return their initial bid submissions via INTEND the first level of assessment will be a compliance check against the ITT instructions contained in this whole document. Pricing Clarifications and bidding assumptions will be assessed and dialogue maybe required during the pricing assessment stage. . NCC does however reserve the right not to dialogue at the pricing assessment stage and proceed to award .

All parties that Pass the Quality Threshold score will progress to having their Price scoring added to the Quality to determine a rank order of eligible bidders. The highest scoring bidder will be awarded the contract subject to effective conclusion of standstill at NCC discretion.

Annex 4 Form F Quality Evaluation is weighted 50%

Each Quality Question has been broken down comprising a total weighting available of the 50% amongst each of the questions. The formula for calculation will be Weighting for each question divided by Maximum Mark available x Score received.

Annex 3 Form G Pricing Evaluation is weighted 50%

Pricing Clarifications and bidding assumptions will be assessed and dialogue maybe required during the pricing assessment stage. One total price will be summed as representative for the three years of the committed contract.

For Price we will then use the formula $\text{Lowest Price} \div \text{Bid Price} \times 50$ to calculate the Price Final Score. Where bidders pricing is incomplete and this is not able to resolved / corrected within a calendar week of notifying them then they will score a zero for their pricing submission and their tender submission will be disregarded and not eligible for award.

The Quality and Price will then be added together to give a score out of 100% and bidders ranked accordingly.

NCC reserve the right to undertake dialogue as part of pricing assessments if it elects to do so. Bidders will be notified during the process if this will take place.

Full tender instructions can be found in the ITT Document.

Other information

Description of risks to contract performance

The right to additional purchases during the contract life above that of the value stated as an approximate forecasted value.

10 Known Risks - In accordance with the Procurement Act Norfolk County Council has published within the Tender Notice and ITT Documentation the presence of a Known Risk. This known risk relates to the non availability of all asset information associated with the portfolio which may impact and require revisions and updated information to be gathered during the contract life. This may also result in modifications to the contract and or pricing schedules that may be required when the asset information becomes known.

11 Known Risk - NCC from time to time acquire and or dispose of properties which are no longer needed by services. New acquisitions will be added to contracts via a formal change control and will be subject to rates as part of this tender, while any properties which are removed will also be subject to formal change control. This may result in modifications to the contract and or pricing schedules but with no financial penalties accepted by Norfolk County Council.

Competitive flexible procedure

Competitive flexible procedure description

NCCT43215 Asbestos Management

We reserve the right during subsequent stages of the Competitive Flexible procedure to refine the award and or assessment criteria and may alter the relative importance of the award and or assessment criteria.

Any amendments will therefore be communicated in full at the appropriate time.

The structure of this Competitive Flexible Process is detailed below.

Bidders will be invited to complete all schedules of the ITT Documentation pack and submit their initial bids including their Quality & Price submissions. Once bidders return their initial bid submissions via INTEND the first level of assessment will be a compliance check against the ITT instructions contained in this whole document. Pricing Clarifications and bidding assumptions will be assessed and dialogue maybe required during the pricing assessment stage. . NCC does however reserve the right not to dialogue at the pricing assessment stage and proceed to award .

All parties that Pass the Quality Threshold score will progress to having their Price scoring added to the Quality to determine a rank order of eligible bidders. The highest scoring bidder will be awarded the contract subject to effective conclusion of standstill at NCC discretion.

Annex 4 Form F Quality Evaluation is weighted 50%

Each Quality Question has been broken down comprising a total weighting available of the 50% amongst each of the questions. The formula for calculation will be Weighting for each question divided by Maximum Mark available x Score received.

Annex 3 Form G Pricing Evaluation is weighted 50%

Pricing Clarifications and bidding assumptions will be assessed and dialogue maybe required during the pricing assessment stage. One total price will be summed as representative for the three years of the committed contract.

For Price we will then use the formula Lowest Price divided by Bid Price x 50 to calculate the Price Final Score. Where bidders pricing is incomplete and this is not able to resolved / corrected within a calendar week of notifying them then they will score a zero for their pricing submission and their tender submission will be disregarded and not eligible for award.

The Quality and Price will then be added together to give a score out of 100% and bidders ranked accordingly.

NCC reserve the right to undertake dialogue as part of pricing assessments if it elects to do so. Bidders will be notified during the process if this will take place.

Full tender instructions can be found in the ITT Document.
