Contract

Renewal of service contract for the power back-up generator control systems for Plowright and the Energy Centre (EC1)

THE PIRBRIGHT INSTITUTE

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-051805

Procurement identifier (OCID): ocds-h6vhtk-058f0f

Published 28 August 2025, 10:16am

Scope

Description

Maintenance of generator control systems equipment including an exact mock-up of the control systems so that install upgrades and new parts can be tested these before added to our live system here on site. The site mock-up is an invaluable tool and ensures they do not risk any Plowright/EC1 energised power system or cause problems when it comes to the replacement/change or upgrade of control equipment. This is a Bespoke installation with some challenging parameters such as dual HV supplies, dual LV supplies to each building wing and Twin generators ensuring power is always available to this world-renowned research building where the power MUST always remain on.

Contract 1

Supplier

- Total Energy Controls Limited

Contract value

- £29,697 excluding VAT
