**II.1.4) Short description**

The Perfusion category captures the scope of products that support the passage of fluid

through the circulatory system or lymphatic system to an organ or a tissue where a patient is undergoing surgery or organs are being transplanted to keep the organ/tissue viable.

There is a broad scope of products that can be captured in this category, precise quantities of which are unknown. It is anticipated that initial expenditure for this Framework will be circa £17,500,00 GBP in the first year of this Framework Agreement. If the Framework Agreement is extended to the maximum duration, the anticipated expenditure will be circa £70,000,000 GBP. These are approximates only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

This framework agreement will have an initial term of 24 months with an option to extend incrementally for up to a total period of 48 months.

#### **II.1.6) Information about lots**
