Planning

CC00191 - Bus Stop Infrastructure Framework

Worcestershire County Council

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-052000

Procurement identifier (OCID): ocds-h6vhtk-058e8d ([view related notices](#))

Published 28 August 2025, 2:10pm

Scope

Description

A key objective of Worcestershire's Bus Service Improvement Plan (BSIP) is to progress to a consistent, accessible, and quality provision of infrastructure for passengers both on- and off-bus. The provision of bus stop infrastructure is not a statutory function but is necessary to ensure safe and convenient access to the public transport network. The Council has power to provide bus stop infrastructure through the Transport Act (1985), Section 63 (6(b)).

Worcestershire County Council (WCC) is introducing a bus stop infrastructure framework to procure bus stop infrastructure products and services. The new contract will be a multi-supplier and multi-lot framework for the provision of a consistent range of bus shelter specifications, bus shelter maintenance services, in-shelter technology including real-time display provision and ancillary bus stop infrastructure.

Commercial tool

Establishes a framework

Contract dates (estimated)

- 17 November 2025 to 16 November 2029
- Possible extension to 16 November 2030
- 5 years
