Collister Pill Pumping Station

Natural Resources Wales

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-052351

Procurement identifier (OCID): ocids-h6vhtk-05902c

Published 29 August 2025, 11:14am

Scope

Reference

C/2526/0016(A)

Description

The pump currently installed at Collister Pill Pumping Station is a Grundfos Sarlin Axial Flow

Pump (type: SA 508 7A511Z 134). This type of pumps is obsolete. As such, we offer Grundfos

KPL Axial Flow pump as a replacement, which is specifically designed for high flow and low

head.

We based our selection on the below duty point:

- Flow Rate = 907l/s
- Head = 3.4m

The new pump offered here is more efficient and comes with a 45kW motor, as opposed to the

original pump's motor of 50kW. Reduced operational costs are to be expected
