Scope

Description

Submissions are welcomed that approach this topic from a dietetic advice perspective where the advice is provided to families supporting healthy weight, managing sensory related food issues, and understanding the nutritional value of food and how this impacts on physical development and positive emotional wellbeing.

Examples of topics that parents have requested are listed below, but should not be considered as the only options:-

- Specifically cooking with children
- Healthy Eating and cooking on a budget / meal planning
- Growing your own fruit and vegetables
- Fussy eaters

We welcome both parent and/or parent and child sessions.

Preference in all areas will be given to those organisations able to clearly demonstrate that their service: -

- is targeting specific and identified need in specific areas within Bromley; and
- is not duplicating statutory provision but is providing additionality.

Total value (estimated)

- £100,000 excluding VAT
- £120,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2027
- Possible extension to 31 March 2030

- 4 years

Description of possible extension:

It is anticipated that the Contract will commence on 01 April 2026 and be for an initial period of 1 year, with an option to extend on the same terms and conditions for up to 3 years on a 1+1+1+1 basis. The rationale for a contract award of 1+1+1+1 is due to the nature of the service; we require suppliers to be able to deliver specialised services locally across the borough and to be able to fully meet the changing needs of the early intervention and Public Health priorities and most importantly, the needs of the local community and the published priorities, and other Bromley council strategies. All provision will be reviewed on an annual basis to ensure activities/services remain responsive and are continuing to meet the needs of our local community.
