## **Scope**

### **Description**

Activities for parents with their children, to support the development of motor skills in young children and stimulate their children's early brain development and to improve their readiness for school.

Activities should be able to be adapted to be delivered both inside and outside, in a small or large environment, with one or more children so that families can benefit from the session and repeat the activity with their wider family in their own home or local area.

Preference in all areas will be given to those organisations able to

clearly demonstrate that their service: -

- is targeting specific and identified need in specific areas within Bromley; and
- is not duplicating statutory provision but is providing additionality.

### **Total value (estimated)**

- £56,000 excluding VAT
- £67,200 including VAT

Below the relevant threshold

### **Contract dates (estimated)**

- 1 April 2026 to 31 March 2027
- Possible extension to 31 March 2030
- 4 years

### Description of possible extension:

It is anticipated that the Contract will commence on 01 April 2026 and be for an initial period of 1 year, with an option to extend on the same terms and conditions for up to 3 years on a 1+1+1+1 basis. The rationale for a contract award of 1+1+1+1 is due to the nature of the service; we require suppliers to be able to deliver specialised services locally across the borough and to be able to fully meet the changing needs of the early intervention and Public Health priorities and most importantly, the needs of the local community and the published priorities, and other Bromley council strategies. All provision will be reviewed on an annual basis to ensure activities/services remain responsive and are continuing to meet the needs of our local community.
