Scope

Description

The Home Office seeks a commercial partner(s) for the provision of catering services for locations across the UK. These services will support individuals temporarily accommodated at these sites and will involve the regular delivery of pre-packaged food items such as sandwiches and snacks.

The Authority is seeking a flexible and responsive catering solution that meets basic nutritional needs and can be adapted to different service environments. The core requirement is for the provision of catering services for Kent and Croydon - provision of catering services for Belfast is optional. Suppliers who cannot provide for Belfast will not be disadvantaged. This market engagement aims to understand supplier capabilities and gather feedback on the proposed approach.
