Description

We require a compliant consultant to advise on and carry out site field surveys, site visits, design services and co-ordinate the design process of the associated Ground Investigation,

Civils, Highways and Drainage requirements for the proposed project, by fully considering the

design and client requirements to allow the design team to progress the proposed scheme and

co-ordination of the project with various consultants to achieve the required goals.

The proposed project is Phase 1 of the overall Town Centre improvements to cover George

Street, so that this external area can be replaced with a more suitable contemporary design

and palette of materials, new street furniture and sustainable landscaping.
