**I.6) Main activity**

Water

---

**Section II: Object**

**II.1) Scope of the procurement**

**II.1.1) Title**

Goods-Framework-Supply of LV Electric Motors

Reference number

PRO004555

**II.1.2) Main CPV code**

- 31110000 - Electric motors

**II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The requirement is for the supply of low voltage electric motors, predominantly on a replacement basis for motors linked to existing UU assets. UU has identified a requirement to improve the efficiency of the motors it purchases and therefore a drive to purchase motors certified to IE4 class efficiency where it is feasible to do so, and IE3 class efficiency where IE4 is not feasible. UU purchase a wide range of assets including, but not limited to, Pumps, Screens, Conveyors, Scrapers, Filtration Systems and Centrifuges. All of these assets are supplied with a motor, often unique to the performance of the asset, as a component of the equipment. If the motor fails at any point during the lifetime and cannot be repaired or it is deemed commercially unviable to repair, there is a need for UU to replace the motor in a timely manner to ensure production and site operations continue.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £5,600,000

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 31131000 - Single-phase motors
- 31132000 - Multi-phase motors

#### **II.2.3) Place of performance**

NUTS codes

- UKD - North West (England)

#### **II.2.4) Description of the procurement**

The requirement is for the supply of low voltage electric motors, predominantly on a replacement basis for motors linked to existing UU assets. UU has identified a requirement to improve the efficiency of the motors it purchases and therefore a drive to purchase motors certified to IE4 class efficiency where it is feasible to do so, and IE3 class efficiency where IE4 is not feasible. UU purchase a wide range of assets including, but not limited to, Pumps, Screens, Conveyors, Scrapers, Filtration Systems and Centrifuges. All of these assets are supplied with a motor, often unique to the performance of the asset, as a component of the equipment. If the motor fails at any point

during the lifetime and cannot be repaired or it is deemed commercially unviable to repair, there is a need for UU to replace the motor in a timely manner to ensure production and site operations continue.

The purpose is therefore to develop a framework to provide a streamlined and more efficient system of purchasing motors and to maximise the benefits through a managed contract with a selected supplier base (UU proposes to award to 2 (two) suppliers at the conclusion of the tender process). The framework will be utilised directly by UU and therefore the Supplier will be required to work directly with UU in terms of ordering, delivery and technical support including assisting in motor selection and supporting the company drive for IE4., governed by agreed pricing and framework terms & conditions. The Supplier(s) will also be required to procure and supply specific OEM motors for UU in situations where a specific need arises, and whilst this is anticipated to be a small percentage of the overall needs, the Bidder must have the capacity to provide this distributor supply model, governed by a cost-plus pricing mechanism.

#### **II.2.5) Award criteria**

Price

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Open procedure

#### **IV.1.3) Information about a framework agreement or a dynamic purchasing system**

The procurement involves the establishment of a framework agreement

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No

### **IV.2) Administrative information**

#### **IV.2.1) Previous publication concerning this procedure**

Notice number: [2024/S 000-035691](#)

---

## **Section V. Award of contract**

### **Contract No**

1

### **Title**

Goods-Framework-Supply of LV Electric Motors

A contract/lot is awarded: Yes

### **V.2) Award of contract**

#### **V.2.1) Date of conclusion of the contract**

5 August 2025

#### **V.2.2) Information about tenders**

Number of tenders received: 6

Number of tenders received by electronic means: 6

The contract has been awarded to a group of economic operators: No

**V.2.3) Name and address of the contractor**

HAYLEY GROUP LIMITED

shelad road, Halesowen

West Midlands
