Tender

Remote Sensing Aerial Acquisition Framework 2025

ORDNANCE SURVEY LIMITED

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-053536

Procurement identifier (OCID): ocds-h6vhtk-059327

Published 3 September 2025, 1:37pm

Scope

Reference

OP.0226

Description

OS has a requirement to procure a Remote Sensing Aerial Acquisition Framework for the capture and post processing of remotely sensed data. This includes all information relating to the planning and execution of remotely sensed missions and the post processing of acquired data.

The creation of additional datasets. This includes further processing of acquired remotely sensed data to create datasets, products and services which meet OS requirements.

To provide Ordnance Survey with the capacity and capability to acquire a broader range of flown datasets outside of the standard Nadir Imagery currently collected at a National Scale

The Framework will be for four years with an option to extend the Framework by up to a further 2 years. The anticipated start date is 8th December 2025.

Commercial tool

Establishes a framework

Total value (estimated)

- £800,000 excluding VAT
- £960,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 8 December 2025 to 8 December 2027
- Possible extension to 8 December 2029
- 4 years, 1 day

Description of possible extension:

Quantity of Potential Extensions: 2

Duration of Each Potential Extension: 12 months

Therefore, if the full extension(s) is taken, then the full contract duration shall be 4 years.

Main procurement category

Services

CPV classifications

- 72300000 - Data services
- 72319000 - Data supply services

Framework

Maximum number of suppliers

3

Maximum percentage fee charged to suppliers

0%

Framework operation description

Each work package will be competed through a further competition as described in the Framework Agreement contract Schedule 4

Award method when using the framework

With competition

Contracting authorities that may use the framework

Establishing party only

Submission

Tender submission deadline

6 October 2025, 12:00pm

Submission address and any special instructions

The Procurement Documents issued by Ordnance Survey as part of this procurement process are made available to bidders electronically via Ordnance Survey's web-based electronic supplier and contract management system, InTend. This can be found at <http://in-tendhost.co.uk/os>

Upload all your documents and submit them electronically through InTend. Please note, you must ensure that you 'submit' the documents. Simply uploading them to the portal will not register a response. Once your documents have been submitted, you will receive an e-mail notification.

Tenders may be submitted electronically

Yes

Languages that may be used for submission

English

Award decision date (estimated)

27 November 2025

Award criteria

Name	Description	Type
Simple description	<p>ITT Stage Quality and Social Value The Quality and Social Value awarded for each Evaluation Criteria question will then be weighted by the Evaluation Criteria weighting. This will be done by dividing the scores awarded by the highest score that could be awarded for that Evaluation Criteria as indicated in the relevant Scoring guide table. This will create a Percentage Score awarded for that Evaluation Criteria. The Percentage Score awarded will then be multiplied by the Evaluation Criteria weighting to form the Criteria Weighted Score for that Evaluation Criteria. Price The lowest Total Price will be awarded a maximum 40%. All the other returned Total Prices will be given a percentage score relative to that. This will be done for each bid by dividing the lowest Total Price by the Bidder's Total Price, multiplying by 100 and multiplying the outcome by 40%. This will give a Weighted Price Score for their Total Price relative to the lowest. The top 3 suppliers in the ITT Stage will be awarded a place on the framework.</p>	Price

Weighting description

ITT Stage

Quality and Social Value

The Quality and Social Value awarded for each Evaluation Criteria question will then be weighted by the Evaluation Criteria weighting. This will be done by dividing the scores awarded by the highest score that could be awarded for that Evaluation Criteria as indicated in the relevant Scoring guide table. This will create a Percentage Score awarded for that Evaluation Criteria. The Percentage Score awarded will then be multiplied by the Evaluation Criteria weighting to form the Criteria Weighted Score for that Evaluation Criteria.

Price

The lowest Total Price will be awarded a maximum 40%. All the other returned Total Prices will be given a percentage score relative to that. This will be done for each bid by dividing the lowest Total Price by the Bidder's Total Price, multiplying by 100 and multiplying the outcome by 40%. This will give a Weighted Price Score for their Total Price relative to the lowest.

The top 3 suppliers in the ITT Stage will be awarded a place on the framework.
