Engagement

Engagement deadline

25 September 2025

Engagement process description

We are looking to obtain knowledge from the market on the range of goods that can be supplied. This will inform Forestry of what they can look to include in their requirement and where they may be gaps that are better procured elsewhere. Please could you complete the response form found on our Panacea e-tender system which contains a list of all of the medical products that we are looking to procure as part of this future framework, and indicate whether this is something that you can provide or if it is something that you would not be able to supply.
