Description

The recently launched "Get Britain Working" White Paper outlines Government's strategy to invest £240m to support the ambition of a national 80% employment rate and help improve workplace health and keep people in work, including trials of combined public services for those out of work due to ill health. Connect to Work is the first major element of the Get Britain Working Strategy.

By encouraging join-up between health systems and employment support, Connect to Work will support those, primarily, currently outside the workforce and facing greater labour market disadvantages, to stay in work and get back into work. In turn, supporting the Government's ambition for a more inclusive economy, supporting local people to realise their potential and supporting local and national growth.

Connect to Work funding will support around 100,000 disabled people with health conditions and those with complex barriers to get into employment and on in work. In the

East Midlands, Connect to Work will support 12,243 residents across the entirety of the programme.

The East Midlands Combined Authority is the Accountable Body for Connect to Work in Derbyshire and Nottinghamshire and, working in partnership with the four constituent local authorities, is responsible for the commissioning of Connect to Work delivery.

Connect to Work is a voluntary programme, delivering the evidence-based Supported Employment model, 'place, train, and maintain', via two different types of interventions based on the needs of the participant - Individual Placement and Support (IPS) and Supported Employment Quality Framework (SEQF).

Contract locations

- UKF1 - Derbyshire and Nottinghamshire

Lot constraints

Description of how multiple lots may be awarded:

The winning bidder for each Lot will be awarded the contract.

Should the winning bidder for both Lots be the same, EMCCA will ask the supplier to indicate which Lot it would like to deliver and the remaining Lot will be offered to the next highest scoring bidder in that Lot.

Should only 1 bidder be eligible for contract award in both Lots, EMCCA reserves the right to work with a single supplier to deliver both Lots.

Lot 1. Lot 1- IPS - Derby City & Derbyshire

Description

The Connect to Work delivery partner will deliver IPS to participants resident across all areas of Derby City and Derbyshire. The aim is to enable participants to secure and sustain paid, competitive employment by providing person-centred support that respects individual aspirations. This will support residents to improve their health, independence, and social inclusion while also working towards the regional and national target of 80% of working age people being in employment.

Lot value (estimated)

- £12,218,306 excluding VAT
- £14,661,967.20 including VAT

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 2. Lot 2-IPS & SEQF-Nottingham & Nottinghamshire

Description

The Connect to Work delivery partner will deliver IPS and SEQF to participants resident across all areas of Nottingham City and Nottinghamshire. The aim is to enable participants to secure and sustain paid, competitive employment by providing person-centred support that respects individual aspirations. This will support residents to improve their health, independence, and social inclusion while also working towards the regional and national target of 80% of working age people being in employment.

Lot value (estimated)

- £20,394,253 excluding VAT
- £24,473,103.60 including VAT

Same for all lots

CPV classifications, contract locations and contract dates are shown in the Scope section, because they are the same for all lots.
