### **Scope**

#### **Description**

PHW are scoping a Patient Administration System (PAS) for a Lung Cancer Screening Programme in Wales on a managed service basis.

The PAS will be required to support the activities to identify eligible participants, manage the flow of participants through the risk assessment processes, CT scanning, results processing and ongoing recall as indicated from their results, until ageing out.

The PAS will maintain participant records and enable the Trust to meet its obligations under UK Screening Committee (UKSC) guidelines.

It is anticipated that the PAS will be hosted within a public cloud data centre.
