Further phases of the recommissioning will include Alternative Education Provision and Post-16 institutions (e.g., further education colleges that are not part of the INMSS). New procurement processes will be run at later dates which are yet to be decided.

A Framework Agreement is an agreement between the contracting authority and one or more Service Providers, the purpose of which is to establish the terms governing contracts to be awarded during a given period.

This is a multi-provider framework.

There is no guarantee of work under this Framework.

Bidders should note that a further opportunity/opportunity for organisations to bid for inclusion on this framework may be advertised. No date/s have been set for any such process; however, further rounds for both lots 1 and 2 may periodically open again subject to demand. Any Bidder who is unsuccessful in this tender may bid again in any future tender for admission to the framework.

The Framework Agreement is commissioned under the Light Touch Regime 74 -77 Public Contracts Regulations 2015 using an open procedure and advertised in the Find a Tender Service Find high value contracts in the public sector - GOV.UK ([www.gov.uk](http://www.gov.uk))
