Description

Following the Simpler Recycling announcement in October 2023, the council is undertaking a review of its long-term waste disposal needs, as well as developing a new food waste service for implementation in line with statutory requirements from 1 April 2026. The purpose of this Preliminary Market Engagement (PME) is to seek input from potential suppliers within the market, to establish the type of solution and functionality that is available for a Food Waste Disposal service.

The PME will provide an opportunity for Wolverhampton City Council (WCC) to obtain an insight into how potential suppliers might approach the delivery of this service and gain an understanding into the likely level of interest from the market.
