Pre-Market Engagement (PME) Information and Introduction

Barristers Framework 2026

Introduction

Bedford Borough Council is preparing to launch the forthcoming Barristers Framework

2026. As part of the early planning stage, we are conducting a Pre-Market Engagement (PME) exercise to seek supplier feedback on the proposed approach, specifically the draft bid sheet and rate card that will form part of the procurement documentation.

This PME will be live on the InTend Portal from Monday, 8th September 2025 and will close on Monday, 29th September 2025.

Purpose of the PME

The purpose of this PME is to engage with potential providers and gather constructive feedback on the proposed bid sheet, with a particular focus on:

- Ensuring the rate card structure reflects actual service delivery and avoids inaccuracies in billing.
- Identifying how the current half-day rate card (e.g., where counsel may only be in court for two hours) could be adapted to better reflect value for money.
- Testing whether the bid sheet allows for accurate budgeting and billing, including instances where spot-purchase pricing may apply outside of the framework.
- Gathering market views on how the spreadsheet could be improved for transparency, fairness, and efficiency in billing.

o We would kindly ask if you could supply your own rate card outside of the framework on a separate spreadsheet or within the spreadsheet provided so that we can forecast any potential savings by using this Framework. For example, if the price is more by undertaking a spot-purchase agreement for certain services then this will allow evidence of cost savings during the lifetime of the Framework if said services were to be used.

Your insights will directly shape the final tender documentation, ensuring the framework is robust, commercially sound, and aligned with market practice.

How to Participate

1. The PME documents, including the draft bid sheet, are available via the InTend Portal.
2. Providers are invited to review the documents and provide written feedback through the portal.
3. Feedback should be returned no later than 29th September 2025, 17:00hrs.

Next Steps

Following the close of the PME, we will review all feedback and, where appropriate, incorporate changes into the final tender documentation for the Barristers Framework 2026. Providers who engage in this PME will not be given preferential treatment in the subsequent procurement exercise but will contribute to shaping a more effective and transparent framework.
