### **Scope**

### **Reference**

ASC109

### **Description**

Bluestream Academy Ltd have been supplying an eLearning platform Since 1st December

2018. The current contract expires on 30/09/2025. The Platform is widely used across external providers who have fed back that this is high quality and a valued resource. Providers will have continuity of provision, and this will negate the burden of training of a new system both internally and externally. There are time limitations if a new system was to be procured and would have resource/time and cost implications. The proposal to continue with Bluestream as the e-learning offer has been discussed at ASC DMT and recommendation approved.
