## **Section VI. Complementary information**

### **VI.3) Additional information**

Please note that information relating to contractors engaged by the Northern Ireland Department of Justice, and associated bodies, is not published in any publicly accessible forum or publication. This is to protect such contractors, whose security and safety could be threatened by dissident terrorist organisations still active in Northern Ireland if their details became known. This is consistent with Regulation 50(6)(a). The contract value listed is a broad estimate only and includes additional quantum for unforeseen demand and to future proof for additional potential. There is no guarantee of any level of business under this contract. The estimate is not deemed to be a condition of contract nor a guarantee of minimum demand or uptake. No compensation will be payable to a contractor should the actual demand be less than that stated. Contract Monitoring: The successful contractor's performance on this contract will be managed as per specification and regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract

performance, the matter will be escalated to senior management in Construction and Procurement Delivery for further action.

### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 (as amended), and incorporated a standstill period at the point information on the awards of the contracts was communicated to tenderers. Those notifications provided full information on the award decision. This provided time for unsuccessful tenderers to challenge the award decision before the contracts were entered into.
