## **West Yorkshire Residential Collective Buying Scheme Phase 2 - Preliminary Market Engagement**

West Yorkshire Combined Authority

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-055383

Procurement identifier (OCID): ocds-h6vhtk-059789

Published 10 September 2025, 1:00pm

### **Scope**

### **Reference**

103285

### **Description**

The West Yorkshire Combined Authority (WYCA) is seeking a supplier to deliver Phase 2 of its Residential Collective Buying Scheme (RCBS). This initiative aims to accelerate the adoption of low-carbon technologies across West Yorkshire by offering homeowners, private landlords, small businesses and community organisations access to affordable, high-quality installations. The program is designed to reduce the region's CO2 emissions and help residents and organisations lower their energy bills and increase their resilience to market price fluctuations. The supplier's role is to ensure the program provides excellent value for money for both the public funds invested by the WYCA and for the participating residents, looking for the scheme to be cost-neutral to the Combined Authority. This includes securing competitive pricing matched by high quality of the measures installed and customer care offered. The scheme aims to offer a variety of energy efficiency measures, including: • Solar PV panels • Battery storage • Heat pumps

- EV charging points
- Access to the best market tariffs for energy
- Fabric-first retrofit measures, e.g. insulation

Phase 2 of RCBS is looking to build on the successful Phase 1 pilot scheme delivered in July 2024- May 2025 and enhance its offerings (with the possibility of adding building fabric retrofit measures such as insulation) to better serve West Yorkshire residents. The Phase 2 scheme is to launch in spring 2026 and to end by end 2027. There is also a possibility of a 1-year contract extension. This is subject to funding and the CA's requirements. The indicative budget in this notice is for the initial contract period only.

### **Total value (estimated)**

- £181,000 excluding VAT
- £217,200 including VAT

Above the relevant threshold

### **Contract dates (estimated)**

- 16 January 2026 to 31 December 2027
- Possible extension to 30 December 2028
- 2 years, 11 months, 15 days

### **Main procurement category**

Services

### **CPV classifications**

- 09330000 - Solar energy
- 09300000 - Electricity, heating, solar and nuclear energy

- 09331000 - Solar panels
- 09331200 - Solar photovoltaic modules
- 09332000 - Solar installation
- 71314300 - Energy-efficiency consultancy services

## **Contract locations**

- UKE4 - West Yorkshire

## **Engagement**

### **Engagement deadline**

19 September 2025

### **Engagement process description**

[https://uk.eu-supply.com/app/rfq/rwlenrance\\_s.asp?PID=97976&B=](https://uk.eu-supply.com/app/rfq/rwlenrance_s.asp?PID=97976&B=) Please express an interest via the above link. Process for responding: Interested suppliers should register their interest in this PME event by responding to this PME notice through the Combined Authorities YORtender procurement portal. YORtender may require you to register prior to accessing the event. The PME event will be on Monday 22 September 2025 at 1300 and will be held virtually. Details on how to access and attend the event will be shared nearer to the date, to all who have registered their interest. Following the PME event, a PME questionnaire will be released to suppliers. Suppliers which do not want to complete and submit a questionnaire will not be precluded from participating in future PME events or the tender process itself. The purpose of the event is to provide an overview of our requirements and assess market interest. The session will include a Q&A segment to allow prospective bidders to ask questions. The event slides & recording will be made available to all potential bidders as part of the tender documentation.

## **Participation**
